## MRS. KOLLEN AND CHILDREN TO LEAVE FOR EUROPE

WILL BE ACCOMPANIED BY MRS. C. J. LOKKER

Mrs. Martha Kollen and children, John Lloyd Kollen and Miss Helena Winfred Kollen, and Mrs. C. J. Lokker have planned an extensive trip through Europe. They have purchased tickets from the J. B. Mulder Agency of the Holland-American line, and will sail from New York on Saturday June 23 on the large steamer Volendam.

They expect to return by September 1st, being away at least ten weeks. They will disembark first at Netherlands and do the "land of the dykes" thoroughly. They will then go to Germany where John Lloyd Kollen will study in Berlin, receiving instructions from some masters under whom Miss Irma Goebel, well known at Castle Park and at Holland as an accomplished musician, is being taught at the present time.

The rest of the party will travel on to Switzerland, Italy and France, and returning to Berlin, John Lloyd Kollen will join them for the balance of the trip thru England and Scotland and possibly part of Ireland.

## FLOCK OF AUTOMOBILES TO BE DECORATED FOR BENTON HARBOR

LARGE NUMBER FROM HERE WILL MOTOR TO THE EXCHANGE FROLIC

At the luncheon of the Exchange club a list was passed around to the members in order to ascertain how many Exchangeettes were to go to Benton Harbor on June 1st to attend the annual frolic put on by all the Exchange clubs in the state and when these will be the guests of the Exchange club in Benton Harbor.

According to the estimation a dozen automobiles will be filled and Chairman Wynand Wichers appointed Abe Cappon and Dr. G. A. Stegeman to see that the cars are appropriately decorated.

An endeavor will be made to have the Grand Rapids and Grand Haven delegations meet at Holland and then to have the caravan proceed in parade formation over the pike to the Twin Cities. In this way quite a showing could be made. A committee will also be appointed to make plans for a summer picnic to be held some time in July.

The annual election of officers for the ensuing year is too a matter to come up and these are to be elected two weeks from yesterday at the last meeting of the summer.

Rector Harry Idle pastor of the Grace Episcopal church gave a very interesting talk on the subject, "Idle Thoughts from an Idle fellow." His discourse was very pointed and interspersed with comical examples that hit the nail on the head besides bringing side-splitting laughter. In a more serious vein the genial Englishman told the members of the club why and what they were here for. He said that the world never had greater need for good-humored, straight-forward men. He stated men might be ever so good with their intentions, but others could not see their good intentions when they endeavored to "put them over" with a grudge.

Good humor brings regard, and confidence, and such men can do a great good in the world when this is done in the right direction.

"We are here to do the work that God has given us to do," said Mr. Idle. Every man brought into the world is a co-worker with God. A good man who runs a decent picture house has just as an important duty to perform as I have on the pulpit. As long as these pictures teach a lesson, as long as these pictures afford wholesome amusement, this movie man then fills his niche in the world for good. A so-called religious man constantly with wry face does not in still religious confidence, but such a person rather is repelling. There are happier sides to religion than a religion that brings a frown. Therefore no matter whether a man is buying or selling, teaching or preaching he is in his way and in his vocation can be and should be a co-worker with God and for God's Kingdom.

## You should Enjoy Health

When health runs down and seems impossible to reclaim then each man realizes that he is an investment and that his health is not exactly his own concern alone, but is rather a matter of importance to his family and his work associates.

Chiropractic spinal adjustments succeed because they have to do with the spine, which is the center and distributor of life impulses, the power that travels the nerve lines. When these nerve lines are kept free from pressure there is health.

Spinal adjustments as given by this office, for 13 years, have restored health to sufferers from diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and lower organs.

## GAVE CITY A CHANCE TO GET WILLITE PAVING

J. C. GLOVER OFFERED ALDERMEN THAT TYPE WITHOUT ADDED COST

If there were no legal difficulties in the way the people of Holland could have had Willite paving on the streets now under construction by the J. C. Glover & Son Co. Mr. Glover appeared before the common council on Wednesday night and announced that he received from the Willite people the right to lay that paving by paying a royalty of eight cents a yard. Because of the fact that the base can be laid in one operation instead of in two when Willite is used, the cost would not be any greater, whereas the Willite is two inches in thickness and the sheet asphalt is an inch and a half. It would therefore be an advance to lay asphalt and the cost would be the same.

The mayor and aldermen were almost unanimous in agreeing that personally they would rather have the Willite, but they were also unanimous in declaring that they considered it unwise to make the change now. The job for the biggest paving program that Holland has ever attempted in a single summer has been let on certain plans and specifications calling for sheet asphalt under certain conditions. If these plans should be changed now, there would be a doubt about the legality of the whole thing and the city might be involved in legal difficulties that would not only be a nuisance but that might cost a great deal of money in the future. New arrangements would have to be made with the bonding companies and if any property owners should make objections, the city might not be able to enforce the payment of the assessments.

Mayor Stephan declared that he personally would prefer Willite but that he did not believe the change could be made now without danger of having the whole contract invalidated.

Willite is sheet asphalt with a certain percentage of copper sulphate added. Mr. Glover did not ask for the change; he merely gave the council the opportunity to have it made, thus securing a slightly thicker wearing course for the same price.

## SAYS MILK FROM TUBERCULOUS COWS WAS SOLD IN HOLLAND

City health officer Godfrey reported to the common council Wednesday night that on May 30th some 30 head of cattle had been shipped out of Holland that had been condemned as tuberculous and so branded. 24 of these were cows whose milk had been sold in Holland, he declared. He recommended that no milk peddler's license be granted to any milk dealer until the city clerk had received proper vouchers from a licensed veterinarian that the cows from which the milk was secured had been tested and found in good condition. The recommendation was filed.

## REPORT SHOWS FARM BUREAU DRIVE WAS VERY SUCCESSFUL

After checking up and ascertaining the number of members signed in the recent hurried farm bureau drive in Ottawa county things look bright for that organization. The accomplishments of the Farm Bureau and the need of future organization were taken directly to the farmer's home. Many farmers were not at home when the solicitor called and these with those not reached and others will be called on in the follow up campaign.

The drive was very successful in the following townships: Olive leads in membership, closely followed by Georgetown, Jamestown, Zeeland, and Polkton and Tallmadge. There is still much follow up work to be done in these and other townships so the membership will increase greatly.

One state record was broken by solicitor A. M. Edmonds in Georgetown township when 18 out of 29 farmers called on joined. John Ernzer drove in this territory. Solicitor B. E. Stoneburner signed nine out of ten farmers called on in Tallmadge township. Chas. Lautenbach drove in this territory.

## FIREMEN AND WIVES GUESTS OF COLONIAL

The firemen of station No. 1 and their wives were invited by the Colonial Theater to witness the performance of "The Third Alarm," last night. This is a firemen's story and shows a very spectacular fire. The boys came to the theater with their fire trucks and had a good time. This evening the firemen from No. 2 and their wives will be the guests of the theater.

## GRAND HAVEN SELECTS NEW SCHOOL HEAD

E. H. Babcock at present superintendent of the public schools at Fremont has been selected to fill the vacancy as superintendent of the Grand Haven public school system, caused by the resignation of Lawrence H. Vandenberg. Mr. Vandenberg, after two years of excellent administration of the local system, is leaving to become president of the New York State Normal college at New Paltz, N. Y.

At the meeting of the board of education Tuesday evening the names of many applicants were presented for consideration. A number of the applicants had made trips to Grand Haven and visited members of the board personally. Some investigation had been made by local members and the result was that the Fremont man was given the place. The \$6,000 county seat job was apparently much sought after.

## GRAHAM & MORTON COMPANY BOATS AGAIN ADD WIRELESS

ABOLITION OF WIRELESS STATIONS DISCONTINUED THE SERVICE

With the perfection of radio and all things wireless, the Graham & Morton Transportation company is fitting all its boats, both in Holland and in Benton Harbor with wireless outfits. Some years ago the company's boats were also provided with instruments, but that was when wireless towers and stations could be found at the main port.

It will be remembered that Holland too had a mammoth steel wireless tower. That with the coming of the war all wireless stations were forbidden and abandoned. Only Uncle Sam had his wireless station for government use only.

Now the stations are again being put into operation at the main ports, and the development of air wave communication has been so marked and so thoroughly perfected, that now both the boats and the stations on shore can be easily equipped and put into operation.

Accidents on board ship or S. O. S. calls when a vessel is in danger will receive a ready response from shore, or from boats in mid-lake.

Stockbrokers too will be able to get stock quotations while on board ship or can transmit messages from ship to brokers on shore.

The love-lorn also may send sweet dispatches to one another and there are number of ways in which the wireless can be of service.

Of course the main object is to use it as a method of more safety to the traveling public who sail the lake in ships.

## GEORGE GETZ TO REST UP AT LAKEWOOD

ACCIDENT IN CHICAGO WAS A VERY SERIOUS ONE

If it is possible to move Holland's genial friend, George Getz of Lakewood farm, to his summer retreat, this will be done some time next week.

Mr. Getz as has been reported was injured quite seriously in an auto accident in Chicago, but how seriously this was not known. It seemed that Mr. Getz left his summer home here on a Sunday night and when he arrived in Chicago, he jumped into a Yellow Cab, driving the chauffeur to go to the Chicago club, where he was to have had his breakfast.

It is stated that a woman who was driving another car, and apparently was new at the wheel ran into the Yellow Cab and the result was a terrible smash in which George Getz received two broken ribs, a sprained arm, a terrible cut on the head and lacerations about the face. He was rushed to St. Luke's hospital where the best medical skill was brought to bear upon the case with the result that he is out of danger and is now sitting up.

It is expected that within ten days he will be at his summer home at Lakewood.

## ALDERMEN OBJECT TO NARROW LOTS OF 'HIGHLAND ADDITION'

REQUEST FOR APPROVAL ON NEW PLAN IS REFERRED TO A COMMITTEE

Martin De Wright and Vesta De Wright owners of a plot of ground between 25th and 26th streets and bordering on State street formerly known as the Purdy property asked the approval of the council on the new plat which is to be known as the "Highland Addition to the City of Holland." A plat of property was submitted to the Council and the mayor and aldermen studied it carefully. College avenue will run thru the plat and another street will be known as "Highland avenue."

Most of the lots are only forty feet wide and the council members objected to this fact. There were other objections to the platting so that the plan was not given immediate approval at the aldermen believing that a committee ought to make the necessary investigation. So Mayor Stephan was authorized to name a committee of three, including himself, to go into the matter. This committee is composed of the mayor, Ald. Laepple and the city attorney.

## MAN INJURED WHEN COW DRAGS HIM OVER GROUND

Clarence Morris, living five miles on the river road near Allegan, met with a painful accident last Thursday evening when the cow he was leading began to run, dragging Morris about 300 feet through brush and over the stumps, tearing the back and muscles from his left arm almost tearing it off. Morris was leading the cow by a strap and in some way his arm was caught in the strap so that he was unable to release himself. He was picked up from the roadside and taken to the hospital where Dr. Robinson treated the wound.

## HOLLAND REAL ESTATE MAN GETS PUBLICITY

The beautiful four colored folders gotten out by the Michigan Tourist & Resort Association contains an attractive cut of resort land on Lake Michigan called Rosabelle Beach, and gives a full description of this beauty spot that has been opened up for resort purposes near Holland.

The name of Rosabelle Beach is unique for the reason that wreckage from the steamer Rosabelle belonging to the House of David, that went down with all on board, was found in large quantities on this tract.

This catastrophe in many ways parallels with Alpena beach where years ago most of the wreckage of the steamer Alpena also came ashore, including the piano which was found rightside up when it landed on the hard sands of Lake Michigan's shores.

## C. J. DREGMAN TO BE MANAGER OF A \$1,000,000 CONCERN

TAKES CHARGE OF COMMERCIAL FINANCE COMPANY OF GRAND RAPIDS

Prof. C. J. Dregman who for some years conducted Holland's first business college and later managed the Decatur Sugar plant of the Holland-St. Louis Sugar Co., has been appointed the president and manager of The Commercial Finance Co., of Grand Rapids, in the place of E. Hugget, resigned.

There are several Holland folks interested in this concern including Dr. Nykerk, who states that financing company is a \$1,000,000 concern and there are wonderful prospects for substantial returns in this company.

The firm is located on the second floor of the Commercial State Bank building across from the Panlind on Lyon and Monroe streets, and Mr. Dregman will make daily trips to Grand Rapids. However, he will remain a resident of this city.

For two years he was on the board of directors of the finance company, and later was elevated to a position on the executive committee, and now he is at the head of the concern.

The financing company deals in contracts of different sorts, whether these be house, automobile, piano, furniture or any number of things that have contracts and easy payment plans connected with it. The firms handling the contracts turn them into the financing company on a cash basis and the company does the collecting on which it is said an excellent revenue is made.

Mr. Dregman is a man of business ability and no doubt the affairs of the concern are in good hands.

## FIDO WITHOUT A TAG IS ENDANGERED; SO IS THE OWNER

DOG TAX MUST BE PAID PRIOR TO SIXTEENTH OF JUNE

Benjamin Brower, of Holland, the county treasurer, calls attention to the fact that June 15th will be the final day when dogs are allowed to run at large without paying the state dog tax at his office or at sub-offices. Every year, numbers of dog owners try to evade the tax but while some are successful, there are a great number who are caught and who pay the fine for their negligence. The fine is additional to the price of the dog license unless the owner relinquish all the rights on Fido's ears.

A list of all unlicensed dogs is now made out in each township and these are transferred to the treasurer's office following which the list is turned over to the sheriff with instructions for this official to take action against the owners of the canines who have not had their tags on life secured for the coming year.

Following his duty, as prescribed by the state law, the sheriff has to hunt down the offending dog owners and haul them before the authorities where they are usually permitted to pay the dog tax plus a fine. The dog is then allowed to depart with his master. However it has happened that occasionally Fido has been disavowed and after following his master's fortunes faithfully for several years, is allowed to have his license lapse. Officers are then required to kill the unlicensed dog according to the statute. As a rule the Ottawa county dog owners are pretty strict about getting Fido his permit for existence but once in a while a case of dog mortality due to negligence of the duties of ownership, is noted.

## NEW MOTOR BUS LAW A CONUNDRUM TO ALL CONCERNED

GOES INTO OPERATION JUNE 23; EFFECT ON CITY LICENSE UNKNOWN

A new state motor bus law goes into effect on June 23 that is likely to be something of a puzzle to motor bus owners. Mr. George Kronmeyer, of one of the local bus lines appeared before the common council Wednesday night and asked that he be not required to pay his \$50 license fee until the state knows what it is at and until it had been determined how the state law will operate.

The plan of the new law seems to be to put the operation of all motor buses in Michigan under the jurisdiction of the state utilities commission. The new law will mean a heavy burden in additional fees for the bus owners and those fees seem to be for the same purpose for which the city license fees are now paid. No one seems to know at this time just how this new law will work out and hence the council was asked to wait until this is determined before assessing the new license fee.

There is no disposition on the part of the council to tax the motor buses out of business. They are filling a definite transportation want and they have come to stay. Hence the aldermen granted the request to have the license fee held up temporarily until this conflict in law can be solved. The city will insist on retaining its police protection rights, but it is possible that the fee may be reduced if the facts should seem to make this advisable.

The pastor of Trinity church, Rev. C. P. Dame, will continue the series of sermons on "New Types of Modern Church Members," next Sunday evening. The topic next Sunday will be "The Enthusiastic Church Member."

City Engineer Jacob Zuidema stood treats for the mayor and members of the council and others affiliated with that body Wednesday night. Mr. Zuidema did not follow the usual custom of taking at a restaurant but invited them over to his home where he and Mrs. Zuidema royally entertained them with delicious homemade eats.

Keeper William Robinson of the South Haven Coast Guard station was in the city Tuesday the guest of his son Thos. N. Robinson.

## SIXTEEN DECK HANDS STRIKE ON THE ALABAMA

A bunch of sixteen deck hands of the steamer Alabama made it lively on the Goodrich docks at Grand Haven when they went on a strike asking 75 cents an hour including meals and sleeping quarters.

This is more than the captain was getting, boat officials say, and the crew was laid off and paid off. They were bound that they would not pay the Goodrich company any money for fares to Chicago, so they hired a motor bus to take them to Holland and they took the steamer from this port.

It is stated that deck hands and stokers are hard to get for the reason that there is considerable building going on in the city of Chicago. Formerly a deckhand got \$10.00 a week with room, board and washing thrown in but it is stated that lately 50 cents an hour was the price.

## COMPARES CITY TAXES WITH THE SCHOOL TAXES

That Holland's school taxes have increased nearly six hundred per cent while Holland's city taxes have increased less than fifty per cent in the period from 1911 to 1923 was the main idea in an address given Tuesday evening by Mayor E. P. Stephan at the P. T. club meeting of the Washington School. Mayor Stephan's argument was not that too much money is being spent for school purposes but he declared that too little is being spent for other community purposes in comparison with the appropriations for education.

Mayor Stephan said that Holland's police protection is inadequate, but that any attempt to increase the protection is discouraged and prevented by public opinion. A hospital is badly needed but it has twice been voted down because it costs too much. A sewage disposal plant is a crying need, the mayor said, but the city can't get it because it costs a few hundred thousand dollars. A Y. M. C. A. or community house is badly needed but it is well known that there is no use putting the matter to a vote because it cannot carry.

"However," the mayor continued, "you put up a proposition of building a school or schools and we are ready to vote an almost unlimited bond issue for this purpose." As proof of his statement the mayor submitted the following figures comparing city school taxes from 1911 to 1923:

Year	City Tax	School Tax
1911	\$1,966.25	\$0,000.00
1912	\$0,052.50	\$0,000.00
1913	\$1,032.67	\$0,000.00
1914	\$1,218.75	\$0,000.00
1915	\$2,44.43	\$0,000.00
1916	\$7,803.79	\$0,000.00
1917	\$8,898.00	\$0,000.00
1918	\$10,946.04	\$0,000.00
1919	\$8,841.99	\$0,000.00
1920	\$12,864.05	\$0,000.00
1921	\$31,685.00	\$0,000.00
1922	\$29,844.00	\$0,000.00
1923	\$33,000.00	\$0,000.00

Mayor Stephan denied that he was against adequate expenditures for schools. "However, the point I wish to bring home is this," he said. "While we willingly and gladly tax ourselves for the purpose of giving our children good school buildings, we should not be so extravagant that we feel we cannot afford to do anything for them after they have grown up. Let us continue to build schools, and then at the same time let us build a hospital, a Y. M. C. A. or a Community Home, a sewage disposal plant, keep up our paving and make this city a worth while place to live in where the young people graduating from our schools will be glad to remain so that in future this city may derive the benefit of the money they have spent for the education of their boys and girls."

## HOLLAND CHAPTER O. E. S. CELEBRATES BIRTHDAY

Holland Chapter O. E. S., celebrated its eighth anniversary Tuesday night with a banquet and program of music and readings. Mrs. Kramer of Jenison Park sang two of her own compositions, "It is May," and "In the Spring." Mrs. Goodrich gave two readings, "The Jiners," and "But Then." Raymond and Russell Smith played piano duets "Dance Capriccio" by Egging, and "Over Hill and Dale" by Englemann. The remainder of the evening was spent at cards, prizes being won by Mrs. Dunn and Mr. Elden W. Dick.

## TWO MISS ONLY SIX OUT OF FIFTY BIRDS

The honors for high scoring in Wednesday's trap shoot went to Niel De Weerd and Henry Koop, each missing only six hits out of fifty birds. Vance Mape was second with only seven misses out of fifty. Other good scores were made considering the difficulties under which the shooting was done, there being an east wind and the sun shining in the faces of the marksmen. The largest crowd of the season so far attended the shoot. The next regular trap shoot will be held on Tuesday, June 12th.

## CONGRESSMAN IS SPEAKER AT ROTARY MEETING

Congressman Carl E. Mape was the guest of the Rotary Club of Holland at its noon luncheon Thursday and spoke to them on the subject of the United States Congress. He gave the members some idea on "what a congressman thinks about." He spoke of the present age as being one of over organization. As proof of this, he told of the numerous lobbies and special representatives that stationed themselves in the nation's capitol when congress is in session. Mape told of the various forms of lobbying, mentioning the most prominent "form" messages to various "influentials" in different districts, so that these messages could be sent in to the congressman.

The integrity of members of congress was also touched upon by Rep. Mape who stated that during recent years, impeachment of the various members of that nation's law making body were growing less and less until at present there were hardly any at all.

Congressman Mape stated that the first consideration of a member when voting for a law was not what the personal effect would be, as has been charged, but just what the effect of the law would be upon the nation as a whole. He also brought out the fact that the salvation of any great country did not rest upon the passage or the non-passage of a single law but added as an after thought that if it did, the nation so dependent could not long endure.

## PHONE NUMBERS TO BE CHANGED ON TUESDAY MORNING

Tuesday morning about 900 numbers of Citizens Telephone subscribers in Holland were changed. This is the biggest change of numbers that has been made since the company began business here. The change has been ordered by headquarters in Gr. Rapids and it has been put into effect in the new telephone directory that it was passed out to Holland subscribers Tuesday.

All numbers beginning with one will after this begin with a five. To illustrate: If the number hitherto has been 1428, it will after this be 5428; if it has been 1002, it will after this be 5002, and so on down the line. The "trouble department" up to now has been 1521; after this it will be 5521. The bookkeeping department number always has been 1831, but after this it will be 5831.

The local telephone exchange has numbers only in the one thousands, two thousands and four thousands, and only the one thousands are thus affected, the two thousands and four thousands remaining the same. The change is extremely simple and would not cause any difficulty if people should stop to think before calling a number. But the force of habit is very strong, and it is expected that many will continue to call the old numbers as they have been doing for years. In this way it is anticipated that there will be a certain amount of confusion at first, until the patrons of the telephone have formed the new habit. The company is ready for trouble of this kind but hopes that the subscribers will do all they can not to make the confusion worse than necessary. The new numbers have all been thoroughly tested and are in good working order.

The distribution of the new telephone directories began on Tuesday morning. The distributors of the new books collected the old ones but in case some are not collected, patrons are asked to destroy them so as to avoid confusion. Nineteen hundred of the books will be distributed to city and rural subscribers.

## LOCAL NURSE GETS APPOINTMENT TO LABRADOR

Miss Bessie Van Ark has received an appointment to take charge, together with several other nurses, of one of the hospitals that are being operated in Labrador in the famous Dr. Grenfell Mission. Miss Van Ark, who has been doing nursing work in Chicago since her return from France, has had an interesting career. During the war she saw long service in France and came into close touch with the stirring events of those days. The appointment to Labrador will give her another opportunity to see one of the most famous experiments in the world. Dr. Grenfell has a world-wide reputation and his work in Labrador has attracted much attention. Miss Van Ark is now visiting relatives in Holland awaiting the call to begin her journey to the north.

## NEW CHRISTIAN REFORMED CHURCH TO BE ORGANIZED

The Christian Reformed classis meetings at Zeeland have approved a request to organize a new congregation at Burnips and directed the church to call a classical missionary under the auspices of the churches of Drenthe and Overisel and the home mission committee. Rev. G. J. VanderRiet of Overisel was appointed moderator of the church at Diamond Springs, which was organized two years ago and now has a communicant membership of 15 and nine families.

The officers of the classis are: president, Rev. A. Bielek of Allendale; clerk, Rev. D. R. Drukker of Zeeland; member of classical committee, A. H. Bosch of Jamestown; members E. B. P. committee, Rev. D. R. Drukker and Rev. H. E. Oostendorp of Zeeland; member of home mission board, Rev. J. A. Rottier of Beaverdam.

## CONTRACT AWARDED FOR \$125,000 DORMITORY AT CALVIN COLLEGE

Jacob B. Top, Grand Rapids contractor, was awarded the general contract for erecting the mens' dormitory at Calvin college, Grand Rapids, by the college.

While the amount of the contract was not made public, the cost of the structure complete will be \$125,000, according to a statement made by J. J. Hiemenga, president of the institution. The building which is to be of brick and tile, fireproof construction, will have accommodations for 82 men. There are to be 36 double rooms and ten single rooms in addition to custodians' quarters in the dormitory proper.

The structure which is to be 136x76 feet in size will also house a fine, modern gymnasium 45x80 feet with a 20 foot ceiling as well as showers and locker rooms. Provisions also will be made in one part of the building for girls' showers and locker rooms.

A dining room lobby, club room and a dining hall are provided in the building. The structure was designed by J. & G. Davenport, Grand Rapids architects.

Work will be started at once by Mr. Top and it is planned to have the structure complete and ready for occupancy by December.

## GREAT FRUIT CROP SEEMS ASSURED

All danger of injury to fruit has passed so far as frost is concerned. There are yet many possibilities of harm from insects and diseases, but these have never yet seriously diminished the yield, since the days of peach yellows; and as they are combated more thoroughly than ever it may be assumed with safety that there will be no material losses from these sources. Every variety of fruit has blossomed fully and the setting seems to be satisfactory. The apples bloom was more abundant than usual, and this is true of all other trees, vines and plants. There is always a deal of anxiety concerning injury to these crops, yet always, with very rare exceptions there is a sufficient supply. The problem now remaining, apparently, is the profitable sale of the immense crops that are in view. It was reported that grapes in Van Buren county were severely hurt by the frost but this turns out to be a false alarm. Fully an average crop seems to be assured.

The Peoples Garage, local Reo dealers, drove in a new Brougham which has been sold to E. Schmalzfeld of this city.

## CITY CARRIERS GET HALF HOLIDAY DURING SUMMER

The Holland city letter carriers are going to have a half holiday after all in spite of the fact that the decision of the postoffice department at Washington was against it when the matter was put up to the department some weeks ago. Postmaster Van Eyck has just received a letter from the department in which he is given discretion in the matter, which was not given him in the earlier correspondence, and so Mr. Van Eyck will try the system out as an experiment in view of the fact that the people of Holland overwhelmingly voted in favor of giving the carriers Saturday afternoons off.

In a letter from the department the following is given: "In view of the expressed sentiment of the people of Holland in favor of a half-holiday for city letter carriers at your office on Saturday afternoons, suspending service on Saturday afternoons during the season of the year when there is a relaxation of business, you are authorized to make such readjustment of the service as may be feasible. The matter of omitting service of any kind is left to your discretion."

Beginning next Saturday, Postmaster Van Eyck announced Thursday, the mail will be collected by the city carriers from all the boxes at five o'clock and that will be the only service by city carriers on Saturday afternoons. This system will be continued until next fall when the whole question will be reconsidered, and whether or not the half holiday will continue during the winter months will be determined at that time.

Postmaster Van Eyck gladly granted the half holiday for which the people of Holland asked as soon as he had been given the authority to do so. The postoffice department in the communication of a few weeks ago was extremely non-committal, evidently not wishing to set a precedent.

## CHILDREN SURPRISE THEIR PARENTS AT SILVER WEDDING

It was 25 years ago Decoration day that Mr. and Mrs. Perry Boersma, 6 E. 21st street were married. They had no intention of elaborately celebrating the day. Their children however, had planned otherwise, so while Mr. and Mrs. Boersma were lured away, their home was converted into a veritable banquet hall and when they returned they were pleasantly surprised by the beautiful gifts and an elaborate wedding dinner that was secretly prepared by their children. All their children were home for the occasion and reported a most enjoyable time.

## "JANSSEN CASE" BOBS UP AGAIN AT CLASSIS MEET

The so-called "Janssen case" which has been up before the Christian Reformed denomination for a year or two is still very much alive. According to "The Banner," a church paper published in Grand Rapids the case occupied the attention of the classis of Holland at its last meeting. The consistory of the 14th street Christian Reformed church requested the classis to express itself as follows on the case:

"The Classis deplores and reprehends the aspersion which has been cast by certain of the leaders of our church upon our last Synod with regard to its disposition of the case of Dr. Janssen.

"This has been done: '1. By declaring that the Synod's action in the case was ecclesiastically illegal (onkerkrechtelijk) in spite of the fact that Synod officially pronounced the case to be legally before it (Acta Synodi, Art. 22, pp. 25 and 30.)

"2. By defending Dr. Janssen in his insubordination shown in his refusal to recognize Synod's jurisdiction and to appear before it (Acta Synodi, Art. 22, p. 30; Art. 49, p. 88; Art. 62, p. 158).

"3. By proposing a campaign of education, apparently purporting the dissemination of the views of Dr. Janssen, which Synod officially condemned (Acta Synodi, Art. 51, p. 71.)

"In view of these things, consistory overtures that Classis admonish its constituents against all participation in this movement, which is so derogatory to the prestige of our Synod and to the good name of our church."

The Classis having considered this instruction decided the following:

"That Classis deplores and reprehends the fact that an aspersion has been cast by certain members of our church upon our last Synod with regard to its disposition of the case of Dr. Janssen by defending him in his insubordination, shown in his refusal to recognize Synod's jurisdiction and to appear before it. In view of this Classis admonishes the members of the churches against all participation in this movement, which is so derogatory to the prestige of our Synod and to the good name of our church."

Three protests were entered against the action of the Synod of 1922 in regard to the deposition of Dr. R. Janssen on the grounds of heresy and insubordination to Synod. The Classis declared the protests had been legally brought before the Classis and were read by the stated clerk. After the Classis had heard the protests it decided that it could not concur with the action of the brethren entering these protests. One of the five members, being present, advised Classis that he would carry his protest to the coming Synod.

## TWO COLLEGE SOCIETIES HOLD THEIR BANQUETS

The Sybilline and Cosmopolitan societies of Hope College held their annual banquets on Tuesday and Wednesday evenings respectively. The trip was made per launch and ferry under the auspices of the shining moon and bright stars. Mr. Bert Brower of Overisel was toastmaster. Toasts were responded to by Theo-

# WHEN A THINKER BUILDS

When a thinking man builds a house, the house shows it. His thoughts become a part of the house. And who is there that wouldn't think of that home as his real monument -- interesting to himself and to all his friends.

A stone can show where a man is buried, and may show a trifle of the respect that he earns, but his house, if he is a thinker, tells what he IS. It tells how much he thinks of his family, and whether he possesses those sterling qualities--Thrifty and Foresighted man.

It has been our pleasure to assist many thinking men with their home-building plans. It is forever a surprise to discover the splendid ideas that folks have about house-arrangement, decoration, etc.

And it is gratifying to find that our efforts are more and more rewarded because our plan does appeal to the Thrifty and Foresighted man.

By all means build individually by expressing your own thoughts -- but build at wholesale prices.

Investigate to-day. It costs nothing and puts you under no obligation.

# FIFTEEN CARS WERE DITCHED NEAR WAVERLY

At noon Sunday an unexpected wreck occurred on the Pere Marquette where the track curves into Waverly on the Muskegon Division.

In an instant, due to a spread rail, 15 cars were thrown hither and thither, some plunging their way into a high sand bank at that point, and had to be dug out.

In the consignment were eight tank cars filled with gasoline, and one had sprung a leak. The others were car-laden with coal.

The wreck was a fortunate one from the standpoint that no one was injured and that the property damage was light. The wrecking outfit was soon on the job, augmented by a gang of 25 men and shortly after midnight two blocks of track had been relaid and the rolling stock was placed upon it, and everything was clear for the early morning Grand Haven-Muskegon passenger train out of Holland.

## HOLLAND MAN GETS A HEAVY FINE

George B. Brink was heavily fined by Justice Den Herder, and given a lecture besides, for refusing to stop and give first aid when he collided with the car of Neil Eastman on the Park road.

Eastman chased Brink with another car, and quite a race ensued. Caught Brink at the city limits after going over the speed limit from Central Park, where the collision had taken place.

It is stated that even then Brink would not stop when asked to do so, so Eastman jumped out of the car he was driving, clung on to the tire in the rear, succeeded in climbing into the Brink car, but did not succeed in making him stop until the Pere Marquette depot was reached.

When questioned Brink refused to give his name, but the local police succeeded in finding out who the man was and arrested him. He was fined \$53.50 when he appeared before Justice Den Herder.

## RETIRED PASTOR DIES THURSDAY IN THIS CITY

Rev. A. A. Alverson died at his home No. 17 West 18th street, Thursday evening at the age of 75 years.

He was born in Lenawee county and spent his early years in pioneer farming. He was converted in 1885 and soon felt a keen desire to preach the gospel, united with the Wesleyan Methodist church and faithfully proclaimed the Gospel of Christ in various rural pastorates in Michigan for thirty years, serving pastorates of that church in the counties of Barry, Hillsdale, Jackson, Ottawa, Wayne and Ionia. He was pastor of the Wesleyan Methodist church at Allendale in this county for four years, 1886 to 1900. He retired from active ministerial work in 1911, and he and Mrs. Alverson came to this city to spend their last years.

Mrs. Alverson died a few years ago and in 1921, Mr. Alverson was married to Mrs. Elvi McLean who now survives him as his widow. He is also survived by three children, a son and two daughters; Floyd A. Alverson of River Junction, Jackson county; Mr. Clarence Gallup of Hudson, Lenawee county, and Mrs. Fred T. Miles of this city.

Owing to the difficulty of his near relatives and friends reaching here, the funeral was held on Sunday afternoon at three o'clock local time, at the Wesleyan Methodist church.

Rev. Alverson was a veteran soldier of the Civil War and was an ardent and consistent patriot. He was a friendly man and numbered a large friendship in this city.

## CHAUTAUQUA TO OPEN IN HOLLAND WEEK OF JULY 9

Holland is to have a chautauqua again this year. At a meeting held in the office of Dr. A. Leenhouts Thursday evening the plans for the annual tent entertainment were made and the committees will get busy immediately to put the chautauqua over big.

The dates are July 9 to 13 and the company is again the Mutual-Morgan Chautauqua, the same one that has been coming to Holland for several years and that has made many friends here during that time. The season tickets will again be two dollars, as usual.

Fifteen of Holland's business and professional men are sponsoring the week's entertainments financially. A chautauqua usually requires the promise of a sale of a certain number of tickets before the agreement is signed to come with the week's program, and the sponsors agree to sell that number of tickets or else make good on them with their cash. While the sponsors become responsible for the guarantee, there is seldom any difficulty about selling not only the number of tickets guaranteed but also many more than that, and it is not expected that there will be any trouble this year.

Alfred Joldersma was named on Thursday night as the general chairman of the various committees that will function during the pre-chautauqua work. The general treasurers are Clarence Jalving, Carl Elgers and Marshall Irving; general secretary, Albert Hoeksema; ticket committee, Henry Top, Jr., and John P. Luidens; committee on publicity, Henry Geerlings, R. B. Champion, and Dr. A. Leenhouts; committee on tent and grounds, Henry Geerds and John Van Appledorn.

These committees have already begun work, and other committees will be appointed from time to time. A vigorous ticket selling campaign will be put on some time before the chautauqua opens, and both Holland and the surrounding communities will be canvassed.

## JOLLY JUNIORS IN FUN AND FROLIC

To the Boys and Girls:—Do you know we have arranged a whole program of fun and frolic just for you? Yes, everyone of you. Wee tots, middle-sized ones and even for the older children.

Let me tell you about it. First, there is a real live, wide-awake "Story Hour Lady" coming with Chautauqua who will take you on wonderful journeys into the realms of Story Land and entertain you with True Stories, Stories of Adventure—and even Fairy Stories, with Giants, Elves and Fairies galore.

Then "Junior Town"—"Oh Boy!" "Oh Girl!" You will enjoy electing your own Mayor, Town Clerk and Council, who will help you to be real "Grown-Ups," even if you are only "Little Men and Women." Badges and buttons will be given to every member of "Junior Town."

Last of all—but best of all—comes "Play"—for the "Story Hour Lady" knows games and drills, and she loves to play them. Hurry up, boys! Hurry up, girls! Get your season ticket, secure a Junior Town badge and you will be ready for all these good times.

From one who loves children, F. A. MORGAN

## "HAPPINESS," A DELIGHTFUL PLAY

Hartley Manners' play, "HAPPINESS" stands almost unique among the successes of recent years in its treatment of a simple but delightful plot, carrying forward an idealism seldom found in even great masterpieces.

The story briefly told is that of a dear little errand girl, "Jenny," who is full of enthusiasm and joy in her work, but is always "looking forward" and dreaming of her great ambition to become a famous dressmaker. With her sincerity and straightforward idealism, she not only fulfills her expectations but brings joy and courage in other lives and sheds much "Happiness" on her pathway through life.

The play ran for a year in New York with Laurette Taylor as "Jenny." It also had a long run in Chicago, but until Elias Day secured the Chautauqua rights from Mr. Manners, it had not been seen outside the great theatrical centers.

There are many delightful situations, much comedy and laughter; but the wonderful message of hope and cheer makes this splendid production a "wonderful sermon" as well as an entertainment "de luxe."

To the moon! That, after a way of figuring, is the record of David C. Walsh, Baltimore postman, champion long distance walker of that postoffice. But the veteran letter carrier who for 35 years has collected mail from boxes along the city streets, never may return. On May 25, his 65th birthday, he faced retirement. Now he is 29,750 miles on his return trip. Walsh is credited with walking 267,750 miles during his service at the Baltimore postoffice, just 67,750 more than the New York champion, Thomas V. McKee, who has trodden 200,000 miles of the streets of Gotham.

Of all the telephone changes that were brought about in the change of numbers which the number 5 plays the most important part, the Holland City News has the one that is the most unique. This telephone number was 1050. However with the changing of the one to a five the number in the future will be "50-50." Altho not purposely arranged the telephone numbers of three newspapers in the city happened also to receive a unique arrangement. The telephone number of the Sentinel was 1030, DeGrunder 1040, and the News 1050. Under the new arrangements naturally the 1's have evolved into 5's.

The second annual poultry tour of Ottawa county which will take in 20 poultry farms, has been announced for June 14. The event is sponsored by the four poultry organizations in this county and by the Ottawa County Farm Bureau under the direction of the Farm Agent, C. P. Milham.

The tour this year should be even bigger than last year's as many from outside of the county have announced their intention of attending. The Newaygo county Farm Agent has written that he would attend and the county farm agent in Oceana county wrote from Hart and asked to bring twenty young men who were interested in poultry raising as well as some of their fathers.

The tour will start from Centennial Park in Holland at 9 o'clock on Thursday morning, June the 14th, and poultry plants will be visited at many places. Several farms will be visited in Holland and then a move will be made to Zeeland where two farms will be visited. Forest Grove will be the next stop and there the tourists will stop and have a picnic in the groves in Jamestown near the school house. Following the speeches the tourists will wind their way toward the east, looping around and taking in Berculo and Hudsonville and then proceeding to Coopersville where the tour will end.

A very happy gathering was the meeting of the Home Missionary society of the Methodist church in J at the home of Mrs. N. C. Hulst, 240 East 8th street. The devotion was in charge of the pastor, Rev. G. B. Fleming, who also sang two selections, "The Beautiful Hills of Rest," by W. J. Kirkpatrick, and "Some day He'll Make It Plain," Adam Gebel.

The usual program was omitted and the time was consumed with giving the annual reports by the officers and standing committees. The society is in good condition financially. All requests for help have been granted and all pledges have been paid in full for the year. As a result of the recent contest, 35 names have been added to the membership roll. The defeated side will entertain the society next Wednesday evening in the church parlors. Mrs. J. Verschure, is chairman.

No meetings will be held during the summer months, but they will be resumed in September. The standard study book as recommended by the national society will be in use the coming year.

## "A Penny Saved, Is a Penny Earned."

THIS is a time worn saying but after all the money saved is the money Earned that does even greater things than simply earning. It educates the saver to be thrifty, to look ahead.

The man who lives for to-day and lets to-morrow take care of itself, you will find, is an individual who has no ambition, no foresight, no care of family, no wish for home surroundings.

On the other hand the saver has an object in life, looks after his dear ones and holds up his head in the community, has an air of independence, is respected by his fellows, is privileged to grab opportunities that present themselves.

About eight hundred parents of the school children of Holland gathered in the high school auditorium Tuesday evening for a union meeting of the various Parents-Teachers' clubs of the local schools. This meeting marked the close of the work of the year of these organizations and a delightful program was given in which most of the clubs were represented.

The presiding officer was Cornelius De Koster, president of the Parents-Teachers' Council of Holland. The program was opened with a selection by the Junior High school orchestra, and this well-trained musical organization also gave other selections in the course of the evening's entertainment. The orchestra is under the direction of Miss Ruth Keppel. Community singing was led by John Vanderaul.

Henry Geerlings gave an inspiring address in which he sounded the note of appreciation of the value of cooperation between the parents of the pupils and the teachers to whose care the children of the city are entrusted for a large part of each school day. Mr. Geerlings pointed out that the P.-T. clubs of the city have been of incalculable benefits to this city.

Each of the five kindergartens has developed a band, and these young musicians appeared on the stage and gave samples of their skill. This feature of the program was particularly delightful and won loud applause. Mrs. J. E. Telling delightfully sang a solo and responded to an encore.

Supt. E. E. Fell, who attended the state convention of P.-T. clubs at Sault Ste Marie recently and who was elected one of the district vice-presidents, gave a report of that gathering. The Holland clubs are affiliated with the state organization and the report was of interest to all. The program closed with the singing of "America."

### SALESMAN STEALS MONEY; PUTS IT IN HIS SOCK

Milan Fisher of Muskegon, salesman for Swift & Co., Chicago packers, was arrested Tuesday afternoon by Under Sheriff Jack Spangler of Grand Haven, charged with theft of \$25 and a bank book from the rooming house and conducted by Walter Green on Jackson street in that city. Green has the distinction of being the youngest business man in western Michigan and he is rapidly making a success of his store.

Green had left his \$35 in a bank book on the counter while Fisher was standing nearby. The salesman had come in to deal with Green, but according to the story the temptation could not be withstood.

Green did not discover the theft of the money at first but upon making the discovery he immediately communicated with the Sheriff's department and Under Sheriff Jack Spangler went on the case. The officer took Fisher as he was leaving Grand Haven and placed him under arrest.

Upon arrival at the jail, Fisher was placed upon the grill but his report checked up and the officers began to believe him innocent of the crime. However Under Sheriff Spangler decided to go a bit further and when a thorough search was suggested Fisher broke down and confessed that the money was hidden in his sock, according to the officers. The bank book was found in the store, conducted by Asa Marod of Grand Haven.

Fisher was arraigned before Circuit Court Commissioner Pagelsen in the absence of Justice Hugh E. Little who is in Rochester. He waived examination and was bound over to the August term of circuit court on \$500.00 bail which was not forthcoming.

Following his arrest Fisher's wife came from Muskegon where they reside. She stands by her husband despite the evidence against him which officers claim. Fisher has not been with Swift & Co. for any length of time according to the story told the officers.

Mrs. Aulida Van Drezer, widow of the late Luman Van Drezer, pioneer hotel man of Grand Haven, died on Monday evening at the home of her daughter, Mrs. Len Ralya in Robinson township. She had been ill for two years and for many weeks has been at the point of death.

Mrs. Van Drezer was one of the best known of the early day residents of Ottawa county. She was one of the beautiful women of the town in her day and up to a few years ago retained a youthfulness that was remarkable. Devoted to her children, of a loving, kind disposition she was a wonderful mother and a fine friend.

Mrs. Van Drezer would have been 76 years of age on the 25th of July. She was born in Goshen, Ind., on July 25, 1847. Her parents died when she was a young girl and she was practically brought up in the Van Drezer family then living in Iowa, who were pioneer residents of the Grand River Valley.

She was married to Luman Van Drezer in Grand Haven in 1861. Mr. Van Drezer operated early day restaurants and hotels at Grand Haven and in 1868 built the City Hotel and made it one of the best known hotels in Western Michigan. Mrs. Van Drezer had much to do with its success and she was popularly known by the traveling public. The VanDrezers operated the City Hotel until 1901 when the property was sold to Dan Gale. The building was burned a year ago last spring and has been succeeded by the fine Fortino building.

Mrs. Van Drezer is the mother of the late L. E. Van Drezer, the pioneer restaurateur of Holland, whose wife is still a resident of Holland. Miss Maude and Miss Marian Van Drezer also of Holland are grandchildren of the deceased. Others who survive are: three sons and a daughter, viz.: William VanDrezer of Grand Haven, Mrs. Len Dalya of Robinson, Lou of Lansing and Stephen Van Drezer of Los Angeles, Cal.

Rev. and Mrs. J. M. Martin of Holland have left for the East where Mr. Martin is a delegate to the General Synod of the Reformed church holding sessions at Asbury Park. Dr. J. B. Nykerk, dean of Hope College, is also a delegate.

Mrs. John Te Roller has recovered from her recent severe illness.

Mr. and Mrs. John P. Kolla and Mr. and Mrs. Oscar P. Nystrom have returned from a motoring trip to Akron, Ohio, where they spent Memorial day with friends and relatives.

Miss Martha Evenhuis left for Chicago to take up a course in nursing at Garfield Park hospital. Mr. and Mrs. Walter Lane were in Chicago to attend the piano manufacturers convention which was held at the Drake hotel.

### SICKNESS PUTS DAMPER ON BAKER-PRINS WEDDING

Due to the sudden illness of the bride's father D. W. Baker, of Grand Haven, the marriage of Miss Harriet Z. Baker to Rev. Teunis W. Prins of Holland, which was to have been one of the smartest of this month's weddings, was very quietly solemnized on Monday morning at the First Reformed church. Rev. Henry Schippers officiated.

Miss Baker wore a stunning creation of dark brown silk, trimmed with gold lace, her lovely hat carrying out the same color effect. She was attended by her sister, Mrs. George Steininger, of New York who was gowned in light tan georgette. P. Prins, brother of the groom acted as best man. Rev. Prins and Mrs. Prins left shortly after the wedding on a short wedding trip. Later in the season they will motor to Whitehouse, New Jersey, where Rev. Prins has accepted a parish call. Among the out-of-town guests were Mrs. T. Prins and Miss Jennie Prins of Holland.

On the eve of the wedding the engagement of Mr. Prins' brother, Peter Prins, who served with the Near East Relief expedition, to Miss Marguerite Meyer, instructor in French at Hope college, was also announced.

Grand Haven National Guard units are gaining in enlistments. Five recruits signed up last week.

Cornelia Bazan, a student nurse at the Butterworth hospital, is slowly improving after a very serious operation for appendicitis.

A. H. Meyer and Martin Dykema left Monday night for Chicago and are attending a piano dealers' convention at the Drake hotel.

Mr. and Mrs. A. H. Meyer announce the engagement of their daughter, Marguerite to Mr. Peter Prins, son of Mrs. Teunis Prins, 361 Central avenue.

### NEW FIRE TRUCK PASSES THROUGH THIS CITY

A new fire truck pumper made by the Obenchain-Boyer Co., of Longansport, Indiana, passed through this city on its way to Red Jacket, a most northern tip of the Northern Peninsula.

The pumper stopped at the Reo garage for the reason that the automobile parts of the machine are strictly Reo.

The car was driven by F. R. Leibold, who it will be remembered is the man who about a year ago drove through another fire truck, and when just north of the city, the large machine suddenly swerved and wrecked itself in a ditch below the highway, and the driver was picked up with a broken head, and broken nose and other serious injuries about his body.

He was quickly taken to Holland hospital where he was compelled to remain for more than two weeks, while the wrecked fire truck was sent back to the factory for repairs.

When seen Monday Leibold stated that he still doesn't know how the accident happened. He also speaks with praise of the attention he received at the Holland hospital during his stay.

The truck left Holland Monday for Muskegon where it was taken on the boat for Milwaukee and will proceed from there to Calumet, commonly known as Red Jacket.

The trip will consume at least ten days and Leibold is accompanied this time by an assistant driver named Ben Selles.

Mr. and Mrs. M. E. Syemour and Mrs. Emma Seymour of Hesperia were the guests of Prof. and Mrs. Robert Evans over the week-end at their northside home.

If any proof were needed that vaccination is an almost sure preventative of small pox, the Holland health department received it in this city's single small pox case. A week or two ago a young man was taken down with the disease and as usual the health dept., recommended that all persons who had been exposed to the disease by him should be vaccinated immediately to prevent their taking it. All who were known to have been exposed agreed, with the single exception of the young man's mother, who refused to be vaccinated.

Today the mother was taken down with a severe case of small pox and no one else of those exposed has taken it. The health department is keeping a close watch of the premises to prevent if possible the spread of the small pox. So far the department has been successful in confining it to this one home and it is hoped that it will go no further.

Miss Marie Elferdink employed at the Holland Public Library is convalescing at Butterworth hospital at Grand Rapids, after an operation last Monday.

Isaac Kouw was operated upon Wednesday forenoon at his home for appendicitis. His condition is favorable.

Miss Alice Bertsch, who has been spending two years in California, is the guest for the summer of her parents, Mr. and Mrs. Frank Bertsch on the North Side.

## SENATOR CONNELLY BUYS WATER FRONT IN GRAND HAVEN

State senator Wm. Connelly of Spring Lake has purchased a Grand River frontage of 225 feet. The parcel contains four acres near the junction of the Ferryburg and Spring Lake intersections or rather between the Ferryburg highway bridge and the large new \$200,000 bridge now in construction.

The land is the last of the old lumber mill and dock sites in that vicinity and was purchased by Mr. Connelly from the Boyden estate.

Where the channel passes this property, the water is very deep. Craft of deep draft are able to run very close to the shore without grounding. The next property below the new highway bridge is owned by the construction Materials Co. and Mr. Connelly's purchase promises to put all of this long idle property into activity.

The water frontage along this river at this point is likely to be very desirable within a short time. The rapid growth of the city and community will bring all of the wonderful water front into use within a very short time.

Mr. Connelly said that he was not ready to announce any definite plans concerning his new purchase. He had a number of ideas in mind for the ultimate use of the land and water frontage, any one of them which may develop.

## PERE MARQUETTE TO BUILD MORE THAN HALF MILLION IN GRAND RAPIDS

Building permits have been taken out for Pere Marquette railroad construction at Hall-st. and Bristol-av., the total being \$630,000. The work includes a brick and concrete power house to cost \$114,000, a one-story brick and concrete plant mill, \$54,000, and a one-story brick and concrete locomotive and boiler shop, \$462,000. The Arnold Co., Chicago, has the contract.—G. R. Press.

A new flagstaff of 62 feet has been placed upon the G. A. R. soldiers plot at Pilgrim's Home cemetery by the Spanish-American War veterans to replace the old one that had become decayed. The square of 10's purchased by the Spanish War veterans for themselves some years ago was transferred to the Willard Leenhouts post American Legion for a burial place for its members and one-half of the G. A. R. plot has been transferred to the Spanish-American veterans. The staff was appropriately dedicated on Memorial Day. The old one was erected by the A. C. Van Raalte Post years ago.

Mr. Roy Young of this city left last night for Chicago where he expects to take a position offered him.

Mrs. E. DeBey is spending a two-months' visit with her son, Mr. C. Van Ryn, at Hyde Park, Chicago.

Mr. and Mrs. R. Tromp have moved to their cottage at Maple Beach, one-half mile north of Buchanan Beach.

## "UNCONSCIOUS OFFENDERS" By REV. JOHN H. BRUGGERS, Sixth Reformed Church TEXT—Mark 9:42

Comparatively few people deliberately bring evil upon themselves, or want to be downright wicked. Those who do either have become calloused or are ignorant of the consequences. But while much evil is done in ignorance, the law does not excuse such. Frequently men become over-zealous or ambitious, thus rashly plunging into danger. We need therefore to be very conscious of our actions and attitudes, that we may not undermine the very truth we profess.

Little ones here referred to are the young or weak believers. Both have need of the best that strong Christians can give. We need emulate Christ in his attitude toward Peter when he says "Satan hath desired to have thee, but I have prayed that thy faith fail not." We may consider our actions of no concern to fellowmen, yet if we cause any to stumble it is a serious offense. This offense is great in proportion to Christ's love. The more precious the gift we lose the greater the grief. A friend passing through a pottery was holding and admiring a beautiful vase. As his attention was diverted to the woman, denouncing in strong terms one of the workmen, he dropped the vase which was shattered to bits. Consternation was written on the face of the foreman, but the friend calmly replied that in like manner he was shattering the life of the boy at his side with his strong language. God wants men to guard and not to offend.

Members of the church frequently undermine the power of the church by their spasmodic attendance, by knocking instead of boosting and by giving assent to the ridicule of the world, thus offending these little ones. Unfaithfulness is a very contagious disease. In a call game we despise the knocker because we want all to play the game. Christians have likewise to play their game squarely. We would not permit any one to deride our mothers, should do less for the church? We need magnify the church, be zealous for her honor and appreciate what she is doing. We have no right to stand idly by or to pull in the opposite direction while the church is endeavoring to set forth her work. A few leaders cannot do it all. If the church is not what it should be we should get into the game rather than offend by our opposition. Don't create an unfavorable atmosphere and retard the current of the Spirit.

Is it any wonder that so many hesitate to unite with the church in the face of the many adverse remarks and hypocritical lives of members? Christ wants us to be living examples. We have no right to place stumbling blocks before these little ones. A certain individual was anxious to have his child be true to Christ, but he failed to realize that he was a means of offense to that child by his own unfaithfulness to the church. If we wish to interest people in an enterprise we advance the strong points and show how the project can be made a success. If the church is worth linking up with, and our membership indicates this, then it is essential that we uphold her honor and integrity. Exalting always strikes in two directions, hitting the individual himself and the person who hears it. Offenses must needs come, but let them not come thru our actions. Guard the most sacred institution as your life. Look to the things the church has accomplished and profit by the things wherein she has failed.

## HERE IS SOME FISH STORY

Allegan News—Wayne Beckel and Charles Wait went down by the dam last Saturday morning to catch pickerel. They got no pickerel.

But, oh boy!

They captured a 115 pound sturgeon after a 30-minute struggle in the water.

The sturgeon was sighted as they stood waiting for the pickerel to bite. The water they went after it. A terrific struggle ensued. Twice they grappled. Twice the sturgeon dashed them under the water. Finally the two men were victorious and landed the whopper.

They carted it up to Nelsons studio where a picture was taken and then a Brands market where the fish was weighed. It weighed 115 pounds and measured seven feet and one inch in its stocking feet.

Supt. E. E. Fell was elected one of seven district vice-presidents at the final session of the sixth annual convention of the Michigan branch of National Congress of Mothers' and Parent Teachers' associations at Sault Ste. Marie Friday.

The election Friday resulted in the re-naming of Mrs. Edward W. Kiffer, of Port Huron, as state president, featuring the accomplishments at the convention was the unanimous adoption of a resolution condemning the fraternities, sororities, and other secret societies in high schools and primary schools and pledging the members not to allow their children to belong to such groups.

Other officers elected were three vice-presidents as follows: L. L. Taylor, of Muskegon Heights, Charles McKenn, president of the Michigan Normal college, Ypsilanti and six other district vice presidents including Mrs. H. White of Ann Arbor, H. J. Mrs. William Glover Gage of Saginaw was re-elected recording secretary, Miss Clara M. Wheeler, Grand Rapids, treasurer, and F. L. Parker, Cadillac, auditor.

## OLD TRAVELING MAN PASSES AWAY; MADE HOLLAND FOR THIRTY YEARS

Chief of the Fire Department, C. Blom, Jr., has received a telegram from Muskegon stating that Henry J. Van Zalingen had died suddenly. Mr. Van Zalingen was a representative of the large firm of Edwards & Co., of Detroit, selling mill supplies, including fire hose and the man who died had been making Holland monthly for the past thirty years, selling not only to our fire department, but also to most of our local manufacturers. He is well known to every factory manager in Holland.

## DIES IN GRAND RAPIDS AFTER YEAR'S ILLNESS

William Romeyn, formerly of Zeeland and Holland, died in Grand Rapids at the home of his brother, Arle Romeyn at 668 High street after an illness of about a year. The immediate cause was heart failure. He is survived by three brothers, Peter of Holland, Dick of Zeeland, and Arle of Grand Rapids, and one sister Mrs. H. Van Tongeren of Holland. The funeral was held Monday at 12:30 at the home in Grand Rapids and at 2:30 at the home of Dick Romeyn in Zeeland.

## CLAIM FRAUD IN LAND SALE

The civil jury suit of Walter H. Stone and Essie Stone vs. D. Alex Holman and Sarah J. Holman, occupied the attention of the Allegan circuit court and the jury last week, after the conclusion of the Louth-Hanlon suit. Mr. Holman, who is an examiner, editor and real estate dealer, sold, or rather traded a farm to plaintiffs. The latter claimed Holman misrepresented the farm, claiming it was on a milk route and that it was all tillable land, while as a matter of fact there were a number of gulches and a pond-hole. Defendant denied this. A large number of witnesses were sworn and there was the usual conflict of testimony as to the character of the land. The jury was taken out to view the farm. The plaintiffs were given a verdict for \$1,600, which was the price realized by the defendant from the sale of property traded in by plaintiffs. It is understood the case will be appealed.

## EARNINGS OF LOCAL BOAT LINE MILLION AND A HALF LAST YEAR

Earnings of the Graham & Morton Co. last year were approximately \$1,500,000, but this was not all profit. The operating expenses of boats and terminals alone took \$735,022 and maintenance called for \$79,216, and there were losses of other expenses to be paid. During one period of 70 days last summer the daily expenses averaged \$15,518.66 and for the entire year, whether the boats were operating or not, the daily average was \$2,976.18.

The company has a boat line in Holland and also at Benton Harbor.

## TWO LOCAL POOL ROOMS DO NOT RE-OPEN

The first Monday in June is the day when the new pool room, hotel and restaurant, and soft drink parlor licenses went in effect and those persons who did not renew their licenses had to go out of business. All the hotels and restaurants had their licenses renewed. Hotel Holland has a new license to conduct a hotel but the owner did not think it a paying proposition to take out a new pool room license because of the plan of erecting a new hotel in the not far distant future, it is hoped. So the pool room in that place was closed Monday.

The pool room of Will Blom remained closed Monday. Mr. Blom is not having succeeded in securing a license from the council.

Rev. H. F. Idle, who is taking a post graduate course in the General Theological Seminary in New York City is the guest of his father, Rev. Harry Idle.

## CAPT. VAN WEELDEN TAKES HIS "EXAM" FOR RETIREMENT

Captain Jacob Van Weelden, keeper of the coast guard station at Macatawa, is in Chicago where he is undergoing a physical examination in a marine hospital preparatory to retiring from the service. The coast guard regulations require that a keeper must submit to such an examination in the same way in which a sailor or sailor who leaves the service must be examined so that the government may know what his condition is and so that later no claims can be made against the government that are not justified. A coast guard keeper is in the country's military service and goes through the same routine as a sailor or soldier.

During Captain Van Weelden's absence the Macatawa coast guard station is in charge of Van Kegeromert. Although Captain Van Weelden wants to retire from the service, it is doubtful when he will be able to get his release. On April first this year he had served thirty years continuously and was eligible for retirement, but the coast guard service is so undermanned that it may not be possible to find a successor immediately for an Weelden, and it will be necessary for him to stay on the job until another man can be found.

The crew at the Macatawa station is more short of men this season than it has been for many years. There are at present only three enlisted men in the crew, and these are helped by four substitutes and one other substitute for the captain. It is seldom the crew is so small, but it has been impossible to fill the crew this spring. Government salary schedules are not as elastic as in private industry, and wages are so high in other lines of work that men who are eligible for the service refuse to work for Uncle Sam as lifers.

There have been no accidents so far that have called out the crew but the resort season is just beginning.

## JUNIOR BOYS TO HOLD OVERNIGHT BICYCLE HIKE

A big overnight bicycle hike is being planned for the Junior boys of the county for Friday afternoon and Saturday, June 8th and 9th. Hikers will leave after school on Friday and return in the early evening Saturday. The objective will be the County Y camp, "Camp Ottawa", located one mile south of Port Sheldon, about 12 miles from Holland. All the program and fun of camping that can be crowded into twenty-four hours will be in store for the jolly campers; swimming, games, baseball, hiking, campfire singing, stunts and talks and—eats! Boys will come not only from Holland, but also from Zeeland, Grand Haven, Spring Lake, and Coopersville. Any boy 12-15 years of age may go. He is expected to ride his bike; but if he hasn't one and can't find some other way to get there, he should go. The camp will be in charge of Secretary Henry W. Smith, of the County Y, assisted by a number of adult leaders. Holland boys should register and get their information through Mr. Boss of the Junior High school or Sec'y Smith.

## SOROSIS SOCIETY AND ALUMNAE HOLD BANQUET

The Sorosis society of Hope College held its seventeenth Annual banquet Saturday evening at the Women's Club rooms. The Sorosis society is the oldest ladies' society on the campus. Many of its graduate members live in Holland so that a large number of old Sorosites joined the active members in celebrating the banquet. Sometimes ago the alumnae organized as such and this has assisted the present Sorosis in carrying out the society spirit and principles.

The Literary club rooms were very beautifully decorated in a unique manner. Many flowers were obtained and nothing stopped the "busy bees" from making use of them. Entertainment of an informal nature was given upstairs while the banquet table was spread beneath a white and gold canopy below.

Miss Janet Bouma of Muskegon, a Senior Sorosite, was toastmistress. She sounded a cordial welcome to the alumnae and guests and hers was the pleasure of announcing the key-note of the program, summarized in one sentence thus:

"Life went a 'Maying with Nature, Love and Poetry'." In a very witty and pleasing manner Miss Bouma introduced her sorority sisters as they responded to the following toasts: "Honey Bees," by Agnes Tyse; "Singed Wings," by Martha Gabbard; "Butterflies," by Nella Den Herder; "Stars," by Irene D. Van Zanten, president of Sorosis alumnae; "Buds," by Amy R. Zwemer; "Roses," by Mrs. W. M. Tappan; and "Glow-Worms," by Ruth Pellegrini. Three musical numbers were rendered—a vocal duet by Mrs. A. Visscher and Miss Mabelle Mulder; vocal solos by Isla Pruim and Helene VanRaate.

## "A MOTHER" WANTS BOYS TO WEAR GYMNASIUM SUITS

A writer who signs herself "A Mother," contributes the following: "Holland has one of the best physical training courses that can be given in the local schools, with the equipment that is at hand. But improvements can always be found, and one is that the boys of our schools should have a regular Gym. suit. The girls are all compelled to wear a complete Gym suit, why not the boys?"

In conferring with one of the mothers on the subject, she states that she was against the present system of Gym wear in regard to the boys. She also said that her son has worn out two pairs of trousers since the beginning of the winter term. This she states is due to the hard wear received on the Gym floor. And as a result two suits were ruined, which in present times are not very low in price.

The solution she offers is that every boy should provide himself with a gym pants in order to save the parents additional expense, mothers more work and worry and make the class present a uniform appearance on exhibition day. The pupils must get gym shoes to save the floor from hard usage, why not save work and worry for the mothers of our city?"

Miss Sylvia Schuurman left Friday for Grand Rapids to spend the weekend with Miss Bess Rinck of Norwood Avenue.

The lumber companies of Holland will close Saturday afternoons from now on and to continue during the summer months.

## GRADUATE GETS TWO PRIZES IN ONE DAY

Rev. Teunis Prins, son of Mrs. Teunis Prins, 361 Central avenue, received two prizes within the last two days. Monday morning's naturally was the best when he got a better half in the person of a sweet young lady from our sister city, Grand Haven. These nuptials took place at the county seat Monday morning.

The young lady, Miss Harriet Baker, is a graduate from Hope College, and the college romance started some years ago.

Mr. Prins also received Monday morning \$20 in gold, winning the Edwin Ludwick prize, the judges considering him the best preacher that graduated from the college this year.

Two prizes in one day make a rare graduating present, to be sure.

## SOME HIGH HOLSTEIN RECORDS ARE MADE

Production records of milk and butterfat for three pure-bred Holsteins owned by J. M. Tobin, Allegan, Michigan, are announced by the Advance Registry office of the Holstein-Friesian association of America.

In seven days Imperial Segis Concordia Fayne produced 660.0 pounds of milk and 19.525 pounds of butterfat, equal to 24.4 pounds of butter. She freshened at the age of four years and nine months.

Imperial Sophia Beets Segis produced 619.5 pounds of milk and 19.398 pounds of butter fat in seven days at the age of three years and nine months. This record equals 24.1 pounds of butter.

A record of 440.1 pounds of milk and 15.442 pounds of butter fat equal to 18.3 pounds of butter, was made by a third cow by the name of Imperial Meadowcreek Pontiac Lass in seven days. She is two years and ten months old.

Records of milk and butter production of merit in the dairy world are coming fast as home runs in the sports field. This week the six-eighth Holstein cow producing over 1,000 pounds of butterfat is announced. She is a California cow by the name of Irene Segis Pontiac, five and a half years old. Her official record is 30,022 pounds of milk and 1,017 pounds of fat equal to 1,271 pounds of butter. Only 90 cows of all breeds have produced 1000 pounds of butterfat in one year.

Prisoners from the Muskegon county jail were called upon Wednesday to assist in extinguishing a forest fire in Lakewood resort region, 15 miles north of Muskegon. Their efforts and those of veteran fire fighters of the neighborhood, managed to put out the flames before any cottages were destroyed, although several were threatened. An area of two square miles was burned over.

Sheriff William Matthews of Muskegon and Deputy Adolph Charron took the prisoners to the scene of the fire and placed them on their honor to return to the automobiles when the fire was out. They all returned as they promised to do.

## SPORT NOTES

In a free for all slugging match, with poor fielding, Holland Independents swamped the Alpha Independents from Muskegon, getting a total of 23 hits, twelve men facing. F. Negake before the inning was finished. Hick Hoover captured first prize, getting two hits and two scores in one inning, also obtaining a perfect day at bat, totalling four hits and a sacrifice out of five times at bat.

It looked like a real game for a few innings, with no scores and a hit apiece in two innings. Then the boys fattened up their averages on the offerings of Frank Negake, an Indian pitcher for the opponents, registering nine hits and a base on balls for ten scores.

Again in the fourth, Holland made four hits and four runs.

With a 15 run lead in the 5th, the boys played listlessly with their opponents and let in five runs on three hits and two errors.

In the sixth inning at the climax of the fun, Capt. B. Batema, sliding into third, caught his foot on the sack and turned it, injuring him so he had to be carried from the field.

With only 8 men to play, Holland substituted Benny Lievesee, the local battery man who used to be a clever outfielder with Ludington in the Central league. He was robbed out of a hit by Mulder by a one-handed spear of a long deep fly to center field.

Muskegon added 1 more in the 6th and Holland three in the seventh. There is no game scheduled for Saturday, June 2, but a good game is guaranteed Wednesday, June 6, with the fighting Allegan aggregation.

The Hope College baseball team was handed a neat trimming Saturday afternoon by the Kazoo Normal squad. After going great for three innings and having a one run lead, Hope seemed to lose its bearings and from then on the Normalites scored heavily. Errors were very much in order for Hope but these were not altogether responsible for the defeat as Kruez yielded but 1 hit and set 17 down over the strike-out route. Hope scored in the initial frame, when Ottipoby made the rounds on a stolen base, a passed ball and a neat bunt by Riemersma. Kazoo went scoreless until the fourth round, when they pushed three runs across, in the sixth and seventh four more were added due to heavy hitting by Hess and Johnson. The eighth saw the total mount to 11, Poppen dashed out 5 hits in this frame and an error by Doeksen proved costly. Steketee, a substitute sent in for Ottipoby, was the only man to connect safely for Hope and his hit came in the ninth with the sacks unpopulated. Hess and Miller each cracked out a triple and Johnson and Potter were credited with doubles. Hope plays its final game next week Saturday with Hillsdale at Hillsdale.

Normals.....0 0 0 3 0 3 1 4 0—2 11 4

## You Can Help to Lessen Accidents at Railway Crossings

AMERICAN Railroads are conducting a nation-wide campaign to minimize the number of accidents at highway crossings. This intensive campaign to save individuals from their own folly will continue throughout the months of June, July, August and September.

The Railroads are doing their part; won't you do your share? All of these accidents are due to sheer and wanton carelessness.

Do not attempt to cross a railroad track without heeding the advice STOP, LOOK and LISTEN to see if a train is coming, and after a train has passed make sure no other trains are approaching in either direction.

Do not walk on railroad tracks or bridges.

Do not allow children to play around tracks, stations, turn tables, cranes, cars or other railroad property.

Do not crawl under or between cars.

Do not crawl under crossing gates after they are down. Stop until train passes.

Use the streets and highways instead of the railroad tracks in going to and from your destination.

This is but one of many problems which our complex civilization imposes upon the railroad and this, like the other problems, cannot be solved except with the sympathy and co-operation of citizens generally.

## BUILDING PERMITS FOR MAY REACH TOTAL OF \$167,995.00

A month ago the Sentinel printed a list of the building permits that had been taken out in Holland in the office of the city clerk during the first four months of the year. The total amount of the estimate of cost for those buildings was a little over \$200,000. That was considered a very big building program, perhaps the biggest in a similar period in Holland in many years. But since then there has been no letup in building. On the contrary more buildings than ever will be put up in the near future and the number of permits issued in May is perhaps unprecedented.

Thirty-six permits were issued by the city clerk and the total estimated cost as given on the books in the city clerk's office is \$167,995. Since the estimated cost of a building is almost invariably lower than the actual cost, this figure will be materially increased before these buildings are finally completed. Following is the list:

## HOLLAND GOLFERS ARE INVITED TO G. R. TOURNAMENT

Golfers of Holland are included among those invited to the Spring Tournament of the Highlands country club of Grand Rapids on June 14, 15, and 16. The Holland club, too, has been invited to send a delegation representing it in considering the formation of a Western Michigan golf association at a meeting to be held on Thursday evening, June 14, the first day of the tournament.

The invitation tournament is being held for the purpose of bringing golfers of Western and Central Michigan into closer fellowship. It is hoped that this will be the first of a series of annual tournaments on the various links of this part of the state. The qualifying round will be played on Thursday, June 14. There will be a medal for low qualifying score. It is expected that there will be at least six flights and consolation flights, with prizes for the winners and runners put in each flight and consolation. Highlands course will be open for the free use of entrants on June 11, 12 and 13, the three days before the tournament. No ground fee will be charged.

The tournament entry fee will be \$3 this going toward the trophies. Among the social features in connection with the tournament will be a dinner dance at Highlands on Saturday evening. ## THIRTY FROM HERE ATTEND DISTRICT RALLY

The annual district rally of the Woman's Foreign Missionary society of the Methodist church was held in the First and Trinity Methodist Episcopal church of Grand Rapids last Sunday and Monday. Miss Sul Wang of China, a graduate of Albion College, gave several addresses. She is now at Columbia university to secure her degree, and will go back to China to minister to her own people. She spoke of the very great love and gratitude which exists in the hearts of the Chinese for America and the work of this nation for her people.

Miss Eva Gregg, one of the Michigan girls, told of her work as head of the Association of Nurses in China. Miss Frances Quinton represented the continent of Africa and Miss Adelaide Clancy spoke for India. A delegation of more than thirty represented Holland at the two meetings.

## CHRISTIAN SCHOOL JUNIORS HAVE UNIQUE MENU

Friday night the Junior class of the Christian High school entertained the graduating seniors with a banquet at the 14th Street Christian Reformed church.

Besides the elaborate spread an excellent program of music, readings and dialogues had been arranged. The tables were neatly decorated for the occasion with a carnation at each cover and each table was adorned with a centerpiece made up of the same flowers.

The walls of the church parlor were suitably decorated with school pennants and banners and the school colors were everywhere in evidence. Mr. Clarence DeGraaf, one of the members of the faculty, acted as the toastmaster.

The menu is rather unique from the fact that it contained a cock-tail and some "Home Brew" for each. Notwithstanding this fact the officers of the law were not worried, that these entrees contained a kick.

The menu is headed by a passage, "Eat, drink and be merry for tomorrow we may die," and at the foot of the menu "the more the merrier" is the motto, applying to either the food or the guests or possibly both.

The program follows: music, school orchestra, piano solo, Frances Willink; reading, Clarence Pot; dialog—; piano duet, Misses Gertrude Mouw and Susanna Jacobusse; violin solo, Mr. A. H. Muyskens; vocal solo, Miss Gertrude Boersma; piano duet, Misses Antoinette Schrotenboer and Margaret Stegink; play—Trial Scene from "The Merchant of Venice," public speaking class; music, school orchestra.

The Senior class list follows:— Benlors—Gerrit De Vries, Zera Vrieling, Iman Schuurman; Oscar Bontekoe, Lee De Pree, Joel Ten Broeke, Garry Joldersma, Reka Van der Meer, Nellie Schap, Jacob Van Veenen, Gertrude Keesstra, Alton Van Fassen, Clarence De Waard, Lewis Heeres, Richard Evenhuis, Alice Woldering, Gertrude Haveman. ## WEATHERMAN SAYS THURSDAY WAS THE HOTTEST DAY

According to the records of the Ottawa County Weather Bureau it was given out that Thursday was the hottest day this year, the thermometer registering 84°, but apparently Friday was not taken into consideration for the official indicator at the water works shows the silver up to 85°.

Some very interesting figures are shown in the past heat records as given by the Ottawa bureau.

According to these records the mercury went to 86 on May 28 in 1877 and to 88 on May 31, 1919. The remarkable feature of the present heat wave which has kept up for some time is that it followed one of the worst early spring seasons of recent years. Since the cold stretch which continued into the first of the month with a severe snow storm on May 10th, the change in the weather is more remarkable. The present heat wave can be traced back to May 20 when the weather started to perk up and be natural.

One of the big features of the weather in the past two weeks has been the wind which has seldom attained much of a velocity. As a rule the breezes have been easterly, though they have shifted at various times. On May 21st a high pressure area made its appearance over the lake region and remained there for over a week, causing the fine weather according to G. S. Kennedy who was then observ.

## EMERSONIANS HOLD BIG BANQUET AT MACATAWA HOTEL

The Emersonian society, Hope college gathered at Hotel Macatawa on Friday evening to participate in the 4th annual banquet. It was an elaborate spread with all the seasonal vegetables, fruit cocktails, strawberries, baked trout, spring chicken in everything.

James W. Neckers was toastmaster of the evening. The program was very unique with quotations from the poems of the great writer fittingly allotted to each subject and sandwiched between the different numbers.

The program follows: James W. Neckers, toastmaster; Moonbeams, Irwin Borgman; Elvies, Egbert Schoutt; A Midsummer Night's Dream, Alfred Stevenson; Owls, Richard Van Farrow; piano solo, George Kots; Stars, William Hilmert; Dreams, John Elbers. The guests and hosts were equally divided when it comes to numbers, the gentlemen entertaining the ladies. Here is the list: Mildred Temple, Peggy Kroeze, Frances Van Nul, Susan Verkaik, Ester L. Boer, Mrs. R. C. Lubbers, Marian J. Van Vessum, Jeanette Hoffman, Helen B. De Jonge, Ruth Broekema, Ruth G. Miller, Jessie Welling, Neva Lister, Geneva Kamper, Virginia E. Adams, Mabelle R. Pelgrim, Dena Nettinga, Margaret Goossen, Erna L. Coburn, Carol Van Hartesveldt, Edythe G. Klerk, Netvena Wassenaar, Kathryn E. Keppel, Mildred E. Ramaker, Julia Huntley. Hosts—John Wierda, Gerrit Kramer, Marvin Achterhof, Henry Louwma, Irvin Borgman, Raymond C. Lubbers, Thomas De Vries, James W. Neckers, John W. Elbers, Ben Wierenga, George T. Kots, Martin E. Cuper, Adrian De Boom, Leonard De Moor, Raymond J. Hopkins, Clarence R. Lubbers, Russel H. Van Dyke, Richard J. Van Farrow, Harry De Bruine, Renea Drake, Gerrit Hoeksema, Alfred L. Schut, Arnold Van Wyk, Alonzo Wierenga.

According to the figures and statistics of the weather bureau the recent month of May was an average sort of May. The mean temperature for the month was 2.10 inches making it just about the average of past May's although seven degrees cooler than last year May. The warmest day was 84° on the last day of the month and coldest mark was 30° on the 9th. The rainfall for the month was 2.10 inches making it the third consecutive May of little rainfall. There were 13 clear days in May, 1 partly cloudy and 5 cloudy.

One thousand students at the U. of M. have petitioned to have the commencement exercises held on Ferry Field. Showing the pessimists were right: who predicted scholarship would eventually try to encroach upon athletics.

Arlo Hedlund, the physical culture director who conducted a school in the city wishes this paper to state for the benefit of his pupils' lives that he is now at 2465 N. Ave. S. in Chicago, and any pupil wishing to come in contact with him by mail can reach him at that address.

Mr. Grinwis has for a long time been connected with the Ball Band Rubber Co. of Indiana, but as he travels three months a year for this concern he has nine months remaining that he will devote to music store business. ## JENISON

Mrs. Gazell is recovering from her illness which compelled her to undergo an operation at Holland hospital a few weeks ago, which her many friends here are pleased to know.

Oscar Johnson is confined to his home with blood poisoning, caused by the loss of a finger while working in a factory at Holland, a few weeks ago. They have rented Mr. Toren's cottage for the summer.

Frank Harkema has such good success in the chicken business that he is now experimenting with turkeys. They have some fine turkeys. Mr. and Mrs. Johnson of Holland picnicked with Mrs. Easter and daughter in Macatawa woods Sunday.

Memorial Day was so pleasant that everyone far and near gathered at Jenison Park. All day the cars were jammed in any place they could find in which to park.

Last Tuesday evening, May 29th, a jolly crowd gathered at the school house where a very pleasing program was rendered. The program had been prepared by the teachers, the occasion being the last P-T meeting of the season. ## LOCAL ATTORNEY WINS

IMPORTANT CASE  
The case of George Heurtz who was arrested for having in his possession liquor in his home and convicted in circuit court had his case appealed to the supreme court through his attorney Thomas N. Robinson, and the Supreme court has reversed the decision and states in substance that officers cannot force themselves into the sanctity of the home only under certain conditions and these conditions did not present themselves in this case.

The conditions are as follows:  
"It is a place of public resort."  
"It is used for the unlawful manufacture of liquor."  
"It is used for the unlawful sale of liquor."

Mr. Robinson's victory is a double one, first that his case will be used as a precedent in all Supreme and Circuit Court matters in the future, and second that a man's home is still his own domicile which cannot be ruthlessly entered on the least provocation.

A morning musicale will be given by Holland high school music classes on Friday, June 8, at 8:20 sharp. All interested are most cordially invited. The high school chorus of over one hundred voices will constitute half the program. The remainder will be numbers by the boys' quartet, girls' glee club and boys' glee club. No charge for admission.

PROF. E. WINTER IS  
ORDAINED ON LAST  
MONDAY NIGHT

Prof. Egbert Winter, of the department of Education in Hope College, is now an ordained minister of the Gospel and while he will retain his position at the local institution and continue to live in this community, he will serve as pastor of the Congregational church of Douglas.

The ceremonies were very impressive Monday night when the Rev. Dr. Millar preached the ordination sermon, and Rev. Nathaniel Skidmore and Rev. McConnel spoke and offered prayer, while Dr. C. W. Merriam made the charge to the congregation.

Seven young ladies from Hope College furnished the music and were assisted by Miss Isla Pruim who beautifully sang some solo numbers.

An added and unusual feature of the installation exercises was the singing of a solo by a prominent Polish lady, Mrs. John F. Smulski, the wife of the former representative from Poland to the United States. Both Mr. and Mrs. Smulski are intimate friends of the great pianist Paderewski. Mrs. Smulski is a singer of note. The Smulskis make their home at Saugatuck in the summer time and it was their yacht that was the first to cross from Chicago to Saugatuck this year.

After the services at the church, a luncheon was given at the parsonage followed by a reception for Rev. and Mrs. Winter.

The claims and accounts against the city for the past two weeks have amounted to \$13,197.01, according to the committee report Wednesday night. The committee on poor reported \$103.50 for temporary relief during the same period.

One of the memorials that the graduating class of Holland high school will leave with that institution when the members of the class go out to other schools or to work will be a bust of Theodore Roosevelt. This has been placed in the assembly room and will have a place of honor there. It was dedicated on Thursday forenoon at 8:15, and Hon. G. J. Diekema delivered the address of dedication.

Dr. Fred M. Shigley was called to Hart, Mich., suddenly a week ago on account of his father, L. F. Shigley having suffered a stroke, from which he did not recover. Mr. Shigley is survived by his wife and six sons and one daughter: Supt. A. Shigley, Allegan; Dr. R. E. Shigley, Kemmoe, N. N.; Dr. Jas. Shigley, St. Paul, Minn.; G. B. Shigley of Montana; J. R. Shigley of St. Paul, Minn.; Dr. Fred Shigley of Hamilton; and Ruth Shigley teacher in the Charlevoix schools.

The Woman's Christian Temperance Union will meet Friday afternoon at 3 o'clock at the home of Mrs. A. H. Meyer, 4 West 12th St. Mrs. G. H. Dubbink will speak on the subject, "Enemies of Prohibition," and Mrs. G. B. Fleming will speak on the subject, "What Leading Social Workers Should Say as to the Benefits of the Dry Regime." The devotions will be conducted by Mrs. J. Vander Meulen, and tea will be served by Mrs. N. Prakken and committee. This will be the last regular meeting before the summer vacation and plans will be discussed for the picnic that is to be held June 29.
